

Summer in Hong Kong

June 14 – July 22, 2017

OVERVIEW

Students from all locations are encouraged to consider studying abroad at SCAD Hong Kong. During the first 5-week quarter of Summer 2017, a concentrated block of courses will be offered in Hong Kong. Located in the heart of Asia, the city of Hong Kong boasts a diverse cultural landscape heavily influenced by its Chinese and European past. Students enjoy apartment-style living quarters at Hong Kong Gold Coast Residences, and classes are held in the historic North Kowloon Magistracy Building. Here, SCAD offers the area's largest concentration of art and design degree programs in the Sham Shui Po district.

SELECTION CRITERIA

To be considered for SCAD study abroad programs, students must be in good standing with the university. Class standing, GPA and seat availability in courses are also factors for acceptance. Current students have priority; however, non-SCAD students may apply. In addition to submitting a completed application, students must have their course selections approved by their student success adviser or graduate adviser via an advising confirmation form. Students will be prompted by the application system to upload this form. Students interested in applying should schedule an appointment with their adviser prior to completing the application.

HONG KONG VISA INFORMATION

Various supporting documents are needed to complete the visa paperwork, which SCAD submits on students' behalf. Although SCAD provides thorough visa assistance, the university cannot guarantee the issuance of visas, as this will be determined by the Hong Kong Immigration Department. SCAD will not submit visas that do not meet the criteria as outlined by Hong Kong immigration.

TRAVEL

Each program participant can arrange his or her own flight to and from Hong Kong or have SCAD handle such travel arrangements. Estimated flight costs range from US\$1,400-\$2,200. Students who book travel through SCAD will receive a minimum charge of US\$1,900. Travel policies are explained in detail in the acceptance materials. SCAD travel arrangements must be submitted before the deadline as indicated. Students should plan to book travel after official acceptance into the program.

Please note: In accordance with the office of residence life and housing policy, all students studying abroad will be required to move out of their current SCAD residence and will not be permitted to move back in until the designated move-in dates for the next quarter. The office of residence life and housing will try to place students back in the same residence hall if possible. Email savreslife@scad.edu, atlreslife@scad.edu or hk-reslife@scad.edu with any questions.
