

OVERVIEW

Interested in working for some of the largest names in the entertainment industry? The office of study abroad and the department of themed entertainment are pleased to announce *Experience Orlando*, an intensive 9-day course. Students experience the implementation and development of theme parks, resorts, and various aspects of live entertainment with professionals from a variety of backgrounds to include interior design, architecture, production design, dramatic writing, industrial design, theatre, graphic design, 3-D design and illustration. Students will go behind the scenes in workshops and tours led by industry professionals throughout the Orlando area. Students will hone their portfolio presentation skills and have multiple opportunities to interface with professionals through networking opportunities, helping students to understand the breadth of career opportunities within the themed entertainment field.

Students will be expected to meet during several pre-arranged meeting times for pre-program preparation. Students should understand that during the time in Orlando meeting times may start as early as 4:30 AM and conclude late in the evening. In addition, there will be post program assignments.

COURSES

SOEA 399 Themed Entertainment Field Experience

Prerequisite(s): Permission of the department chair.

THED 769 Field Immersion for Themed Entertainment

Prerequisite(s): Permission of the department chair.

SELECTION CRITERIA

For consideration for SCAD study abroad programs, students must be in good standing with the university. Class standing, GPA and seat availability in courses are also factors for acceptance. In addition to submitting a completed application, students must have their course selections approved by their student success adviser or graduate adviser via an advising confirmation form. Students will be prompted by the application system to upload this form. Students interested in applying should schedule an appointment with their adviser prior to completing the application. Applications can be accessed in MySCAD > Student Workspace tab > Study Abroad channel.

In addition, applicants are required to submit a portfolio within the application. More information can be found within the application.

HOUSING + DINING

Students will stay in a hotel in Orlando. Participants may request 1 roommate of the same gender, SCAD study abroad can not guarantee all roommate preferences can be accommodated.

Some meals will be included in the program fee, however, students will be responsible for some of their own meals.

TRAVEL

Participants will arrange their own travel to and from Orlando according to the specifications laid out in the pre-departure information.
