

SCAD | STUDY
ABROAD

WINTER
2022

SCAD study abroad programs provide students with a unique opportunity to explore international locations, gain a global perspective on art and design, and cultivate an understanding of other cultures and societies. Whether basking in the pastoral beauty of Lacoste, France; immersing themselves in the bustling cityscape of Tokyo, Japan; or exploring the United States, students encounter life-changing creative opportunities that enhance their SCAD experience.

GENERAL INFORMATION

OVERVIEW

Students from all locations are encouraged to consider a short-term program. This upcoming winter, 11 credit-bearing opportunities are offered in captivating locations: Lacoste, France; Tokyo, Japan; and Orlando, Fla.

SELECTION CRITERIA

To be considered for SCAD study abroad programs, students must be in good standing with the university, maintain an overall 2.5 GPA, and have at least 30 SCAD credit hours at the time of application review (30 hours not applicable to graduate students). Class standing and seat availability in courses are also factors for acceptance. Several programs have additional application requirements that can be found in the pages that follow.

In addition to submitting a completed application, students must have their course selections approved by their student success adviser via an advising confirmation form. Students will be prompted by the application system to upload this form as part of their application. The office of study abroad will assist in scheduling student and faculty interviews if noted as a required item.

Students should consult their student success adviser to determine how their financial aid applies or email advisement@scad.edu to discuss and ask financial questions. Students who are interested in applying should schedule an appointment with their adviser prior to completing their application.

HOUSING AND DINING

LACOSTE: Students reside in the residence halls of SCAD Lacoste. Participants may request up to three roommates of the same gender identity; however, because living spaces vary in size and capacity, SCAD study abroad cannot guarantee all housing preferences will be accommodated. Meals in Lacoste are included in the program fee and served in Café Beauregard during common meal times each day.

OTHER CITIES: Students will reside in hotel rooms shared with other students of the same gender identity and will be responsible for most of their own meals.

PASSPORT

All participants are required to have a passport valid through Saturday, June 18, 2022. Students must submit a valid passport by Tuesday, Oct. 19, 2021 to the office of study abroad.

VISA

EUROPEAN UNION: The European Union may require a visa for entry. Students should check the EU requirements for the issuing country of their passport. At this time, U.S. passport holders do not need a visa to enter the EU for stays of up to 90 days.

JAPAN: Visas are generally not required for stays of up to 90 days. Check your duration-of-stay restrictions and requirements as the country issuing your passport may limit your stay in Japan.

TRAVEL

Program participants will arrange their own flights to and from the destination. Students should plan to book their travel after receiving official acceptance into the program. Arrival and departure cities will be included in the acceptance letter. Early check-in cannot be accommodated.

Applications due	Tuesday, Sept. 21, 2021
Acceptance notification	Tuesday, Sept. 28
Nonrefundable deposit and valid passport due	Tuesday, Oct. 19
Post acceptance materials due*	Friday, Nov. 5
Arrival**	Sunday, Nov. 28
Departure	Saturday, Dec. 18

* This includes the health form, travel plans, roommate requests, and dietary restrictions and preferences.

** All programs have the same dates with the exception of Experience Orlando.

REGISTRATION

The office of study abroad will register students for courses as noted on the advising confirmation form and included in the acceptance email. All courses are part of the Winter 2022 quarter. Students are responsible for registering for their other Winter 2022 courses.

ORIENTATION

During fall quarter, accepted students will attend one to two pre-departure meetings led by faculty members. Students will also receive their pre-quarter assignments, packing lists, and itinerary at the meetings.

EXPLORE THE SOURCE OF THE FRAGRANCE INDUSTRY

OVERVIEW

Discover the history of perfume and perfume-making techniques while exploring France. The excursion begins at SCAD Lacoste, where students will learn about this aromatic art form, from its origin to how it is made today. Students will then spend time in Grasse, visiting the factories responsible for turning the raw materials of fragrance into ingredients for the perfumer's organ.

After experiencing Grasse, students will return to Lacoste, where they will further explore the core components of fragrance marketing. Prior to the conclusion of the program, students will travel via high-speed train to Paris to visit the many retail points of distribution.

These major luxury boutiques and department stores will offer students insights on the latest techniques for the visual merchandising and promotion of perfume in today's modern fragrance industry. Using all the elements of the trip, students will have the opportunity to prepare their own plans for launching a new fragrance product to the marketplace.

INTERIOR DESIGN INTENSIVE

OVERVIEW

Designed to bring the study of interior design out of the classroom and into the real world, this excursion provides students an opportunity to experience history with a touch of present-day influence. The story begins with the inherent beauty and history of Lacoste.

While taking full advantage of the on-campus amenities, students will be introduced to the program through the town's vernacular architecture and cobblestone streets — giving students the illusion that time has stopped in the 18th century. Slowly moving forward through time, students will explore Provence to gain experience with and exposure to the varying aspects of the history of their own signature practice.

The program culminates in a trip to Paris, with its modern, avant-garde designs, to gain insight and inspiration from professionals in the interior design world.

TREASURES OF PROVENCE

OVERVIEW

This three-week intensive course immerses students in the rich and storied environment of the Provence region of France. The ancient Romans established themselves in the region and left behind major monuments including the Arch of Orange and the Pont du Gard. During the Middle Ages, the papacy based itself in nearby Avignon, where the Papal Palace is housed and, during the Early Modern Period, where many important artists, such as Van Gogh, Gauguin, and Matisse, migrated to the area and produced some of their most memorable, influential works.

Students will explore the region's artistic treasures and take in the crucial life lessons these treasures have to offer.

LOCAL CLOTH, LOCAL COLOR

OVERVIEW

Through this unique travel experience, students will investigate the rich history, vibrant material culture, and contemporary role of local resources that make Japan a leader in innovative textile production, while meeting with curators, collectors, artists, designers, and manufacturers.

Students will explore traditional processes still used in contemporary practices during workshop and studio visits when possible for hands-on experience. They will also visit artist studios and regional markets specializing in textiles and materials for creating textile work.

Students will sketch, photograph, and collect materials while traveling, all while ideating a larger research and visual component to complete back in their home department studio. The outcome is a travel diary-style research paper, a visual narrative or presentation of their journey, and a unique project on Japanese textiles and culture.
